Letters to the MEIRA
Members and Partners

A letter from the Chair

Notes from the GM

Greetings all, it's spring time, you can feel it in the air!

As mentioned, we are sharing our MEIRA Letters to Members and Partners, that is, the Chair and GM's take on our last reported financial year of 2020. What a year it was and we thought we should make sure that you hear directly from us as soon as possible, our having recently reported to the MEIRA Board of Directors. We should practise what we preach and in doing so, hopefully, you gain more insight into what we do on your behalf, how we did last year - that rather testing year - and importantly, what we have to look forward to in 2021 with you.

It goes without saying that all companies, including MEIRA, should take our statutory reporting requirements very seriously. In my mind, these don't get more relevant, particularly in adverse times, than the good ol' annual report, a permanent record that stands the test of time for all stakeholders. And so, folks, here are our MEIRA Letters to you for starters. The full MEIRA annual report in all its glory will follow once we have added all the supporting data and highlights that show we are more than just alive and kicking! Well, much more than that, we are all set for a bigger, better and bolder 2021 with you, our Members and Partners.

Stay well, stay in touch and here's to more, much more coming your MEIRA way very soon. I can already feel it in the air!
