MEIRA Team Talk

Happy new year, plus ça change, plus c'est la même chose?

It is new, yet it kinda feels the same. Let's do it, MEIRA 2022, here we come and if anyone has ideas on a catchy annual MEIRA theme or indeed any other feedback on what you wish for this year, please let us know. We are all (y)ears, cheers!

To recap, the past few years have centred on engagement, driving stakeholder value and of course, IR coupled with ESG. IR does matter and we have another big opportunity to develop the profession further with you.

MEIRA's vision is to connect IR practitioners everywhere - we can learn from one another - and to make a difference to the development of the regional capital markets. Our purpose is to champion and develop best practice IR every day with you, our Members and Partners/Sponsors. We can't do it without you and we do it with and for all of you.

Thank you for all the hearty support we continue to enjoy - 2022, here we come - let's make a telling difference to our IR community by continuing to engage with one another and by driving stakeholder value together. It has to be mutually beneficial and remember that as an independent non-profit membership body, MEIRA needs you to continue growing, so if you haven't renewed your annual subscription to your favourite professional association, please do.

of closing our books on 2021, preparing the annual report for your consideration and very much looking forward to another big MEIRA year with you.

Onwards and upwards, Team MEIRA, happy new year!

Best wishes,

Alicia, Deborah and John
