SABIC

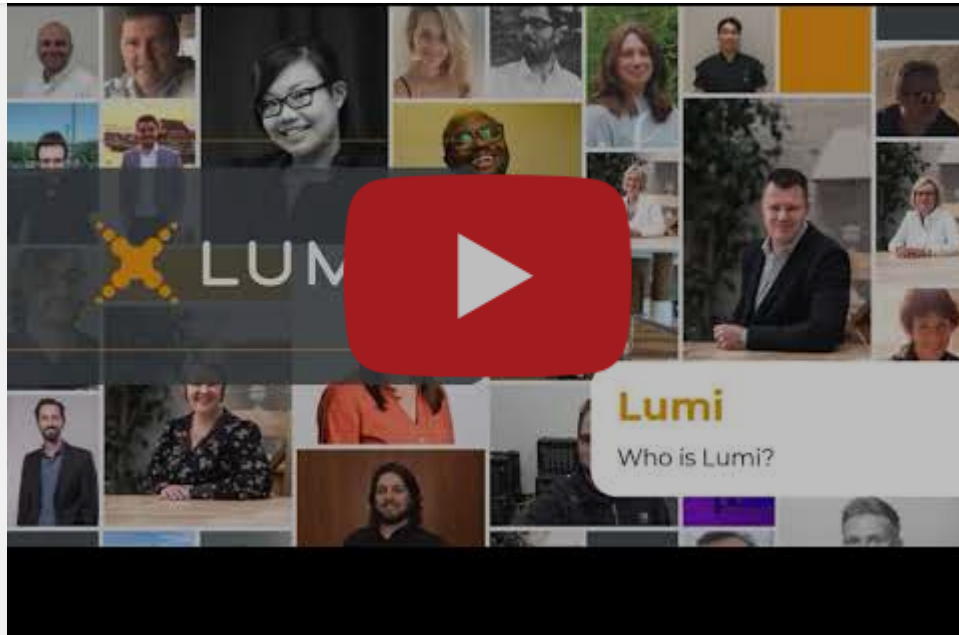

My name is Alanoud Alghifaili. I work with the Investor Relations team in SABIC, one of the largest diversified chemical companies in the world. My area of expertise is ESG and Investor Event Management.

Being the biggest IR event in the MENA region, the MEIRA Annual Conference offers the ideal opportunity to connect with the broader investor relations community and increase engagement. It is also important to young, fresh talent who need all the encouragement. This year, the event is being held for the first time outside the UAE – in Saudi Arabia – and we are proud to be the host country.

I encourage all MEIRA members and IR practitioners to attend the MEIRA Annual Conference. It offers the best networking platform to learn from different IR experts and gain insights on best practices and challenges faced by different teams. I think it is also a great opportunity to increase visibility and stay up-to-date with industry trends. Just come and see for yourself!
