Reality and Future of Investor Relations in the Kingdom of Saudi Arabia 2024

We are excited to announce a collaborative survey on Investor Relations (IR) practices in Saudi Arabia, in partnership with Argaam.com.

Your insights are crucial to our research, which aims to provide a comprehensive overview of the current state of IR in Saudi Arabia, identify best practices, and address challenges within the industry.

The survey is completely confidential, and your responses will be kept anonymous. It should take a few minutes to complete, and the deadline is November 10th.

We sincerely appreciate your contribution, which will not only benefit your organization but also the wider IR community.

A message from Vijith Kannangara, Chairman – Smart Media The Annual Report Company

“International investors are like migratory birds. They move from lake to lake. Over the past fifteen years, MEIRA has helped make the region more alluring for investors. We are delighted to join the IR community in celebrating MEIRA’s success.

We believe that annual reports are the face of “Middle East Inc.” They showcase standards of governance and transparency as well as the quality of management and the spirit of enterprise that are rapidly transforming the region.

We are pleased to have played our part over the past decade in helping some of the region’s largest organisations project their stories to the world.”
