Alef Education is a global leader in education technology at the forefront of using artificial intelligence and machine learning technologies to create personalised learning experiences that transform the way the world is educated.

Alef Education and its products, the Alef Platform, Alef Pathways, Abjadiyat, and Arabits, have a growing presence in key education markets worldwide, including the United Arab Emirates, the United States, Indonesia, and Morocco. The award-winning Alef Platform provides AI-powered learning and teaching solutions that use real-time data to drive improvements across the education system. Alef Pathways is a student-centred, self-paced supplemental math program. Abjadiyat is an Arabic language learning platform that provides engaging and interactive content from kindergarten to Grade 4. Arabits is a complete Arabic learning system for nonnative speakers that helps students of all ages learn, practice, and improve their Arabic language skills using AI.

Alef Education supports approximately 7000 schools, and over 1.1 million students.

Jamjoom Pharma, established in 2000, is a leading Saudi pharmaceutical manufacturing company with a strong presence across the Middle East and Africa (MEA region). Initially focused on increasing access to high-quality products, Jamjoom has evolved into a diverse portfolio of branded generic pharmaceuticals and consumer healthcare products. With state-of-the-art facilities in multiple countries, including Saudi Arabia, Egypt, and Algeria, the company serves a wide range of therapeutic areas. A robust financial track record, coupled with a commitment to innovation and operational excellence, positions Jamjoom for continued growth and leadership within the region's healthcare market.

In June 2023, Jamjoom successfully completed its Initial Public Offering (IPO) on the Saudi Exchange (Tadawul), marking a significant milestone in its development.
