**Enerjisa Enerji** is Turkiye's leading energy transition platform, operating the country's largest electricity distribution network with a Regulated Asset Base of TL 74 billion.

As the market leader in electricity retail, Enerjisa reaches over 22 million people, delivering essential energy services nationwide.

The company offers a resilient, inflation-protected business model, providing investors with stability in a dynamic macroeconomic environment. Deeply anchored in sustainability, Enerjisa is positioned to benefit from long-term growth opportunities driven by decarbonization and electrification trends in Türkiye. These structural shifts are expected to accelerate investments into distribution infrastructure— the backbone of energy transition.

A best-in-class dividend policy, with at least 80% of underlying net income distributed, highlights Enerjisa's strong commitment to shareholder returns.

Enerjisa Enerji is listed on Borsa Istanbul with a 20% free float, while Sabancı Holding and E.ON each retain a 40% ownership stake.
